SUPPLEMENTARY INFORMATION: A
summary for the FAR rule follows. For
the actual revisions and/or amendments
made by this FAR case, refer to FAR
Case 2009–005.FAC 2005–41 amends the FAR as
specified below:**Use of Project Labor Agreements for
Federal Construction Projects (FAR
Case 2009–005)**

This final rule amends the FAR to implement Executive Order (E.O.) 13502, Use of Project Labor Agreements for Federal Construction Projects. The E.O. encourages the use of project labor agreements for Federal construction projects where the total cost to the Government is \$25 million or more in order to promote economy and efficiency in Federal procurement. The rule provides that an agency may, if appropriate, require that every contractor and subcontractor engaged in construction on a construction project agree, for that project, to negotiate or become a party to a project labor agreement with one or more labor organizations. The rule identifies factors that agencies may consider to help them decide, on a case-by-case basis, whether the use of a project labor agreement is likely to promote economy and efficiency in the performance of a specific construction project, and multiple strategies for timing the Federal Government's receipt of project labor agreements.
